

Maximize Your Budget with 20% Off T-Size Antibodies

Trial without the error

[Browse T-Sizes ▶](#)

Expand your research scope, not your spend.

Why commit to a large vial when you're testing new ground?
These 20 µL T-sizes allow you to integrate more antibodies into your current protocols, giving you the freedom to screen multiple targets and run additional pilot studies with ease.

Get more value from your budget with 20% T-size formats - backed by the trusted reliability of CST.

- Include more targets in your experiment
- Get 20% off your next order
- Use code **CTP20**

Terms and Conditions: 20% discount off regularly priced trial size products and sampler kits for location Switzerland. No cash or cash equivalent and cannot be sold or otherwise bartered. No substitutions. Offer valid on new catalog orders only, restrictions apply. Offer may not be applied to existing, pending or prior orders, ineligible items, taxes, or shipping and handling charges. Returns of any portion of the purchase will require equal forfeiture of offer or amount equal to offer. Promotion code CTP20 must be referenced when placing an order. All other products/services including but not limited to PTMScan® Services, kits, "BSA and Azide Free" antibodies, GMP-grade reagents, SignalStar® Multiplex IHC products and custom orders are excluded. Cannot be combined with any other promotions or discounts. Void if copied or transferred, where prohibited by law or otherwise restricted. Offer expires June 16, 2026. Cell Signaling Technology (together with its subsidiaries, "CST") retains the right to modify or stop the promotion at any time without notice.
